TABLE 3 - Tuition Refund Calculation Worksheet

\[
\text{REFUND Due} = (\text{Total Refundable Tuition Paid} \times \text{Refund Rate}) - \text{other applicable fees (See Note 1)}
\]

<table>

<tr>
<th>REFUND CALCULATION WORKSHEET</th>
</tr>
</thead>
<tbody>
<tr>
<td>Determine Total Refundable Tuition Paid; insert amount on line 1 (See TABLE 1)</td>
</tr>
<tr>
<td>Determine Refund Rate; insert Refund Rate on line 2 (See TABLE 2)</td>
</tr>
<tr>
<td>Total Refund Due; Line 1 multiplied by Line 2</td>
</tr>
</tbody>
</table>

Note 1 - Other Applicable Fees

The Refund Calculation Worksheet is an estimate only. The Refund Due is based on the assumption that the student has paid his/her tuition in full.

There may be other non-tuition charges that may reduce your refund amount which include but are not limited to:

- Bank Wire fees
- Deferment Fees
- Trois Pistole Immersion Fees
- Inlop Fees
- Outlop Fees
- Late Registration Fees
- Western 1 Card Fees
- Health and Dental Plan Fees
- Sealing Charges
- Letter of Permission Fees
- Late Payment Penalties

**EXAMPLE:**

You are a Canadian student enrolled in a Master of Arts Program, part time, for Summer 2012 and have paid your tuition before the start of the session. You have withdrawn on June 1, 2012 according to the add/drop form provided by your academic counsellor.

Refer to Graduates - Summer 2012 Full Time Tables to determine the figures for this example:

Table 1 - Total Refundable Tuition and Cancellation Fees

| The total Refundable Tuition paid | $1,129.04 | line 1 |
| The Refund Rate | 68% | line 2 (June 1, 2012) |
| (line 1) x (line 2) | $767.75 | Total Refund Due |
